

# SC2500 ID CARD PRINTER

The ScreenCheck SC2500 ID card printer is a unique solution to issue personalized ID cards on the spot.

The ScreenCheck SC2500 printer is an ultra robust product with a light and compact design. The ScreenCheck SC2500 ID card printer features a single card feed that allows you to produce a personalized card on demand within seconds. Compact and highly reliable, the SC2500 also offers sharp image quality for simple and easy card printing.

Using special rewritable cards, the SC2500 color ID card printer can print and erase the same card over and over in monochrome blue or black. This is ideal for temporary badges such as visitor passes.

The ScreenCheck SC2500 printer delivers low cost printing and free card visual security as standard with 4 HoloKote® watermark designs. Security can be further enhanced with magnetic stripe and smart card encoding.
