

SC4500 ID CARD PRINTER

The ScreenCheck SC4500 ID card printer is a durable solution to produce personalized ID cards on demand.

To protect the security of your organization, you need ID cards that can be relied upon. Every card printed on the SC4500's tried and tested platform can be secured with a HoloKote® anti-fraud watermark. The printer comes with a 100-card feeder and a 30-card output hopper. Whether you need to print one card or hundreds or cards at a time, the SC4500 delivers.

The SC4500 comes standard with USB and Ethernet connectivity. Fully compatible with Windows and Mac OS, the SC4500 can be set up within minutes. For additional card security, both magnetic stripe and smart card in-line encoding options are available.

A single-sided SC4500 printer can easily be upgraded to duplex printing with a unique drop-in ribbon.

Standard features

-  VISUAL SECURITY HoloKote®
-  Edge to edge
