

Managing your visitors with Sign-In Books during the COVID-19 outbreak

Two new **THRESHOLD Visitor Badge** designs can help you identify and contact your visitors. Both come in books that make it easy to **Sign-In** and **Badge** visitors.

Top part creates **Visitor Badge**

Confidential record of visitor below

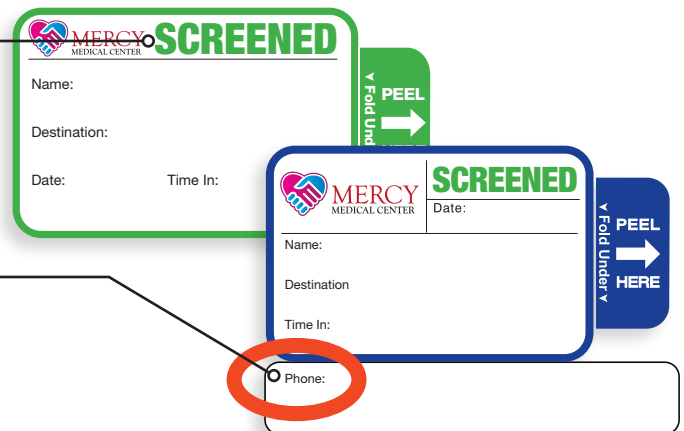

1. Add **SCREENED** to your badges to remind patients, family members, and your staff that visitors have been screened prior to being allowed access to the hospital. Badges **change color overnight** so they can't be reused.

TAB-Expiring Badge – 500 Badges per book
\$165 (includes color logo)

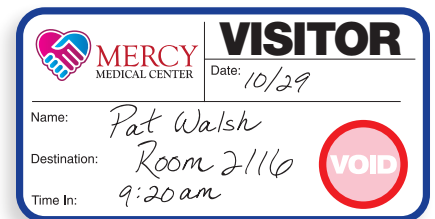

2. Collect **Visitor Contact Information** (phone number or email) when they sign in so you have a way to reach them in the event that requires Contact Tracing.

TAB-Expiring with Contact Stub – 400 Badges per book
\$165 (includes color logo)

Add **Expiring DOT SETS** to your current badges to indicate that visitors have been screened that day.

\$62 for 1,000 DOT SETS
(includes both front and back piece)

The sticker **changes color overnight**, so the visitor badge can't be reused
