

GOVERNMENT

SECURING GOVERNMENT FACILITIES AND ASSETS

OUR SOLUTIONS

Idesco offers comprehensive solutions to secure government properties at the federal, state and local levels. From access control to video surveillance solutions, we will design the right system to keep everyone safe and secure.

• Access Control

Secure your building to allow the right access to the right people. Our access control systems integrate seamlessly with your video surveillance and digital ID solutions to protect your people, assets and facilities.

• ID Badging

Identify your employees and visitors at a glance with secure IDs. We will help you design the perfect solution to create and print high-quality ID cards on the spot with your own ID card system.

• Video Surveillance

From traditional analog cameras to IP cameras controlled through secure network connections, Idesco's video surveillance technologies provide cost-effective ways to detect and deter unwanted activities while reducing security costs at your facility.

• Visitor Management

Streamline your visitors' check-in process by issuing secure IDs and capturing detailed information in seconds by simply electronically scanning an ID.

OUR EXPERTISE

Idesco is your expert in integrated security solutions. With over 71 years of excellence and expertise, you can rely on Idesco to design and manage your security system. Idesco's certified service team is available 24/7 to keep your system up and running and make sure that your facility and assets are safe at all times.

Call Idesco today at 800-336-1383 for a FREE consultation with a security expert.
